PHOENIX ASTRONOMICAL SOCIETY, INC.

Chuck Nash, Secretary
2736 West Rose Lane
Phoenix, Arizona 85017

FIRST CLASS MAIL

UPCOMING EVENTS - February, 'Members Night'

February's meeting will be devoted to short talks by P.A.S. members on their recent observing experiences & astronomical projects. Members slated to give talks include Bill Anderson of Phoenix, College, who will talk on his astrophotographic activities, and S. I. Gail, who will present an update on NOVA CYGNI 1975. Other topics are still available ... if you would like to present a short description of your recent projects, please call Cliff Vaughan (838-7107), or Louis Boyd (275-8258).

March - Planetarium Field Trip

In March, P.A.S. members will travel to Tucson & visit the new Grace C. Flandrau Planetarium on the campus of the University of Arizona. Our host will be Dr. Richard Willey, Asst. Director of the Planetarium. In order to reserve seats for your family & friends, for the Planetarium show "The Planetarium Experience", please call Gene Lucas (934-1889) or Chuck Nash (242-1581).

SKY - LINES

Monthly Newsletter of the PHOENIX ASTRONOMICAL SOCIETY, INC, Phoenix, Arizona. A non-profit, educational, scientific corporation. Mailing Address: 2736 West Rose Lane, Phoenix Arizona 85017. (242 - 1581)

Editor: Gene A. Lucas, 6043 West Golden Lane, Glendale, Arizona 85302. (934 - 1889)

1975 - 76 Officers

President: Cliff Vaughan
Vice President: Louis J. Boyd
Secretary-
Treasurer: L. Chuck Nash
Directors: William N. Anderson
James E. Conley, M.D.
Robert E. Hurley
Richard A. Lines

Opinions and views expressed in SKY-LINES are strictly those of the writers and not necessarily that of the PHOENIX ASTRONOMICAL SOCIETY, INC. or its officers.

ASTROPHOTOGRAPHY GROUP MEETS

On Jan. 9th, 11 members of the P.A.S. astrophotography subgroup met at Richard & Helen Lines house. Prime purpose of the meeting was discussion of Comet West & the photographic opportunities available. Dick Lines showed a model he had constructed of Comet West's orbit. The Feb. issue of Sky-Lines will feature Comet West.

Those attending also had the opportunity to view some early 1900 astronomical slides found by Bill Anderson in the Phoenix College archives. Some of these had photographic exposures of several nights, demonstrating the perseverance of astronomers of that time.

Mr. Anderson has agreed to present these to the P.A.S. as his contribution to next months "Members Night".

After discussing I.R. photometers & members photographs of Comet Kobayaski-Berger-Milon (1975 h), Helen Lines served coffee & goodies.

If you would like to be notified for the next astrophotography get-together, let Bill Anderson or one of the P.A.S. officers know of your interest. This is strictly an informal group.

SKY-ADS

P.A.S. members may list telescopes, optical equipment, books, charts, & other astronomical material FREE up to three lines per issue. Sorry, NO commercial listings accepted.

F:23 MAKSTOV Cassegrain telescope, no mounting. Exquisite optics. Call ROBERT C. LATTERMANN, 838-3308.

4 1/2" MAYFLOWER Newtonian reflector with 2 eyepieces and Barlow. Equatorial mount, no drive. JOHN ADAIR, 971-2614.
