

PASTIMES

PHOENIX ASTRONOMICAL SOCIETY -- FOUNDED 1948

**

DUES ARE DUE NOW

If you have not sent in your dues, do so immediately or better yet pay them at the December meeting so your Sky and Telescope will not be delayed.

December Meeting

Our meeting will be at the usual room at Phoenix College on Friday, December 18, 1987 at 8:00. This will be another Show and Tell meeting, so if you have anything to contribute please take part.

January Meeting

The January meeting will be at Phoenix College on the fourth Friday which is January 22. Our speaker will be Jim Monanenkin, ASU astronomy department. Subject will be announced later. Make sure you attend this meeting as a subject of great interest will be discussed. More on this next month.

Have you been observing Comet Bradfield? To me, it has been better than Comet Halley. Maybe we can have reports from some of our observers on this object at our Show and Tell. I personally have been photographing Jupiter and have taken good advantage of the smog for some steady seeing.

Best wishes for a Happy Holiday Season.

Keith Parizek
